		Component 3: Health and Wellbeing				COURSE COMPLETE			COURSE COMPLETE
Period 4: Component 2 PSA resit: Task 5		Period 4: Revision							

Half Term 6: 3 <sup>rd</sup> June - 19 <sup>th</sup> July (7 weeks)					
Week 34	Week 35	Week 36	Week 37	Week 38	Week 39

COURSE COMPLETE

**Curriculum intent**

Our curriculum is built on the understanding that students will be **inspired** to work in a sector which has a significant impact on the health and well-being of service users and that their **ambition** to promote **excellence** in **standards of care** will be fostered through **exploring** and **experiencing** roles within the health and social care sector.

We believe that when students embark on their Health and Social Care studies, their **prior knowledge** will be informed by core disciplines such as Science, English, Physical Education and Religious Education. Therefore, our curriculum creates **time** for students to **apply** subject specific **knowledge, skills and concepts** to **different** Health and Social Care **contexts**.

It is essential that students understand the **latest industry requirements** and have the opportunity to **demonstrate work-ready skills**. Students will **develop holistically** to ensure they are **adequately equipped** with **practical, interpersonal** and **thinking skills** leading to their future success in employment and education.

By the time students complete their Health and Social Care qualification, their **ability to research, extend their writing** and **meet deadlines** will give them the experience needed for higher education. **Empathy and compassion** will be developed along with a **determination** to make a difference.
